FINAL REPORTING

A. Campaign Overview

Campaign Name

Campaign Duration

30 Days

Campaign Objective

The campaign was designed to increase awareness and generate leads for an imaginary online learning platform offering digital skills training.

Target Audience

Students, freshers, freelancers, and young professionals in India.

B. Key Performance Metrics

Metric	Result
Impressions	5,200
Clicks	245
CTR	4.7%
Average CPC	₹12
Total Spend	₹2,940
Leads Generated	38
Conversion Rate	15.5%

C. Campaign Performance Analysis

Positive Results

- Good engagement from students
- High CTR on search ads

- Mobile users generated most clicks
- Display ads improved brand awareness

Areas for Improvement

- Some keywords had high CPC
 - Display ads generated lower conversions compared to search ads
 - Certain locations performed better than others
-

D. Recommendations for Improvement

1. Improve Ad Copy

Use stronger call-to-action phrases like:

- Start Your Career Today
 - Limited Seats Available
 - Free Certification Included
-

2. Refine Keywords

Focus more on high-converting keywords and remove low-performing ones.

3. Better Audience Targeting

Target users interested in:

- Online certifications
 - Career development
 - Internship preparation
-

4. Increase Mobile Optimization

Since most users clicked from mobile devices, future campaigns should use mobile-friendly landing pages.

5. Use Remarketing Ads

Retarget users who visited the website but did not register.

E. Challenges Faced

1. Keyword Selection

Finding keywords with high relevance and lower competition was challenging.

2. Budget Allocation

Balancing budget between search and display ads required planning.

3. Ad Optimization

Creating attractive and concise ad copy while staying within Google Ads limits was difficult.

F. What I Learned

Through this project, I learned:

- How Google Ads campaigns are created and managed
- Importance of keyword research
- How targeting options affect campaign performance
- The role of ad copy in improving CTR
- Budget management and bidding strategies
- Importance of analyzing campaign metrics for optimization

This project helped develop practical knowledge of digital advertising and campaign planning.

Conclusion

The Google Ads capstone project provided valuable hands-on experience in campaign planning, ad creation, audience targeting, budgeting, and performance analysis. The campaign successfully achieved its objectives of generating awareness and attracting potential learners for the imaginary online learning platform.

The project also demonstrated how strategic keyword selection, engaging ad creatives, and proper targeting can improve campaign effectiveness and lead generation.
